Your Monthly Highlights on GreenKite & Delegated Authority Management

Issue 8 January 2022

In this month's edition...

- [2022: What Matters? A GreenKite View](#)
- [Karen Stanford appointed COO](#)
- GK Team Meet Up
- Meet the Team - Jackie Manners
- [We're Hiring!](#)

Sara Ager - GreenKite CEO

I just wanted to say to all our friends, colleagues and connections in the Insurance Space, thank you so much for your support last year. For us here at GreenKite we had a tremendous year working and supporting you on some really interesting projects, thank you for trusting us to help you deliver for your businesses and we look forward to working with you again next year.

GK Looking Ahead to 2022

We thought it would be useful and a bit different to give you a quick insight from some of our team as to what we think 2022 holds for us at GK, from the regulators perspective and as a market place.

Karen Stanford GreenKite COO

We recently announced on LinkedIn that Karen Stanford has been appointed GreenKite COO.

As our Founder and CEO Sara Ager says: "I'm delighted Karen has accepted the formal position but we all know she has been performing the role since day one anyway! We are all excited to see GreenKite growing as a business, 2022 is set to be an exciting year for us all and with that will be more key hires of that I am certain"

GK Christmas Meet-up

Another first for all here at GreenKite: our first yuletide meetup. Whilst 2 December felt a bit early, we're glad to have squeaked in just ahead of omicron with our Lateral Flow tests all present & correct! Big thanks to our Guest Speaker Michael Keating who shared his deep insight into what makes MGAs really tick. Here's to 2022!

Meet the team...

What is your name and what do you do?

My name is Jackie Manners and I am an Associate Consultant at GreenKite. I am part of the Project Team who provide GreenKite Clients with hands-on support, practical solutions and analytical skills to complete and deliver on any project.

My many years in the insurance industry have provided me with extensive knowledge around Delegated Authority, including Due Diligence, Conduct Risk and Product Governance to name a few, with oversight on audits and compliance. Over the years I have also been involved in many projects from IT to Financial Reconciliation, which allows me to engage with this great GreenKite team and their clients.

When did you join GreenKite & Why?

I joined GreenKite in October 2021, so only recently, but knowing the founders and their ambition to provide the insurance industry with a fresh approach to independent professional services was a no brainer.

What is your favourite thing about being part of GreenKite?

The passionate and ethical approach to not only running the company, but to our clients, and all those who form part of the GreenKite Family.

What piece of advice would people give you?

No question is a stupid or silly question, as there will usually be another individual who has the same question. You just have the foresight to ask it!

We're Hiring!
